

Top Tips

John Paul Pet

www.jpmpet.co.uk

BATHING - for maximum and even distribution wet the coat and use a John Paul Pet™ bath puff to apply shampoo to increase lather. Lather up further by using the fingertips

Always use clean, warm water for thorough rinsing

A rubber mat or towel in the base of the bath will prevent your dog slipping and from scratching the bath during bath time

Use Super Bright Shampoo to brighten coats of any shade from white to black

Grooming is a great way to check for ticks, fleas and other lumps or bumps

Our Waterless Foam Shampoo and our wipes and sprays can help keep pets clean and smelling fresh daily without having to bathe them

Never use human shampoo on a dog – a human's pH level is different to that of a dog

Brush your dog weekly to promote a healthy skin and coat

Shaving your pet should be avoided as the coat acts as an insulator and also repels the sun's harmful rays
